Like the curves of a brushstroke

Aptos artist Sally Vaughn currently has a mix of her new and popular prints on display at Curves' new location, 1044 East Lake Ave. in Watsonville. Here she is shown with, from left: "Blue Corn Flower," "Wheels Around the World" and "Flow." The work will be hanging into January. Vaughn typically works with acrylic and tempera paints. She praised Curves owner Tracy Boyd for allowing her to show her work at the business. "I have already heard that both Tracy and the clients at Curves are really enjoying the art on the walls," Vaughn said. **BELOW, LEFT: "Ring Tones."** **BELOW, RIGHT: "Staying Connected."**
